

Blackburn Rovers Girls Regional Talent Club trial dates

Blackburn Rovers Girls Regional Talent Club have announced their trial dates for this summer. We would love to have as many girls as possible attending them, which gives us the best possible chance of finding the most talented girls from across the North West.

We are asking local schools to nominate any girls you feel are potentially talented enough to play for a Tier 1 Regional Talent Club. We have a fantastic record of developing future England Lionesses – two of our recent graduates have been named in Phil Neville's squads for his most recent fixtures.

I have attached the trial information to this email. If you feel there is somebody within your school who shows exceptional football potential, then please can you pass the information onto them and their parent. All players will need to sign up online using the following link: <https://www.rovers.co.uk/teams/regional-talent-club/>

Regional Talent Club - Blackburn Rovers
