

Good morning,

From today, the children will be able to come straight into school at 8.45 in the morning to avoid gatherings on the playground and would encourage parents and adults collecting children to take additional precautions of spacial distancing at this moment in time. Children will continue to come in their usual doors and wash their hands on entry to continue our hygiene measures.

If your child attends the hub, we will collect them from the door without the need for adults in school unnecessarily and on collection will return them to the door. Please just ring the bell as usual. If you have any questions , please contact school or Kelly on the Hub phone.

Thank you for understanding and supporting the measures that we are putting in place.
