School closure

Dear parents,

I can only apologise for the number of letters but we have had to adapt to the communication from the Government.

The Government released further guidance to school last night, the key message being, “If you cannot keep your child safe at home then your child will be prioritized for educational provision.” We sincerely hope that the overwhelming majority of families will be able to support learning from home. For those Key Worker who will find it impossible to do so, the Emergency Worker Hub at TCP (Tarleton Community Primary) will be there for you.

Please see below a revised list of criteria for ‘Key Worker’:

- Education and childcare staff
- Key public service staff
- Local and national government staff
- Those working in food and other necessary goods industries
- Public safety and national security employees
- Those who work on Transport systems
- Utilities, communication and financial services staff

For further clarification, please visit <https://www.gov.uk/government/publications/coronavirus-covid-19-maintaining-educational-provision/guidance-for-schools-colleges-and-local-authorities-on-maintaining-educational-provision>

If you still feel that you cannot safely look after your child at home, please complete the form below and we will organise this.

In these difficult times, our actions are keeping people safe. Thank you for your understanding while we adjust to these changes.

Yours Sincerely,

Alison Moxham
Head teacher
